

# Certificate

for

**WhistleB**

In 2016, the business activities of WhistleB  
incl. energy consumption and business travel  
generated emissions of

**30 tonnes of greenhouse gases**

This certificate confirms that these emissions were offset by  
emission reductions in the climate protection project

**Xinjiang Alashankou wind farm, China**

Bad Vilbel, in June 2017

**Climate Neutral  
Company**  
with First Climate

Dr. Sascha Lafeld, First Climate Markets AG
